Welcome!
Town of Perth
Transportation Master Plan Update

Welcome to the Public Consultation Centre. This is the second public consultation event for the Town of Perth's Transportation Master Plan Update Study.

There is an opportunity at any time during the process for interested persons to provide written input. Any comments received will be collected under the *Environmental Assessment Act* and, with the exception of personal information, will become part of the public record.

Should you have any questions regarding the materials or any other aspect of the study, or if you would like to review any of the background reports, contact either of the following by **October 2, 2026**:

Steve Taylor, P.Eng.
BT Engineering Inc., Consultant Project Manager

Tel: 613-267-3311 ext. 2273

Engage Perth Website

Introduction

The Town of Perth initiated a Study for a Transportation Master Plan (TMP) to plan and prioritize short-, medium- and long-term transportation related infrastructure projects, programs and policies.

The TMP is being conducted as a Master Plan project, using Approach No. 1, under the Municipal Class Environmental Assessment, as amended in 2024. The Study is completing Phases 1 and 2 of the Class EA Process by establishing the need and justification for transportation projects, policies and programs, considering all reasonable alternatives with acceptable effects on the natural, social and cultural environments. The public has been proactively involved in the study.

Purpose of Public Consultation Centre (PCC)

The purpose of this PCC is to present the preliminary recommendations for comment prior to finalizing the TMP Report including:

- An introduction to the TMP Process.
- Preliminary Recommendations
- Next Steps.

The Engage Perth website includes a survey and map for interested persons to submit comments throughout the study. These will also be incorporated into the final plan.

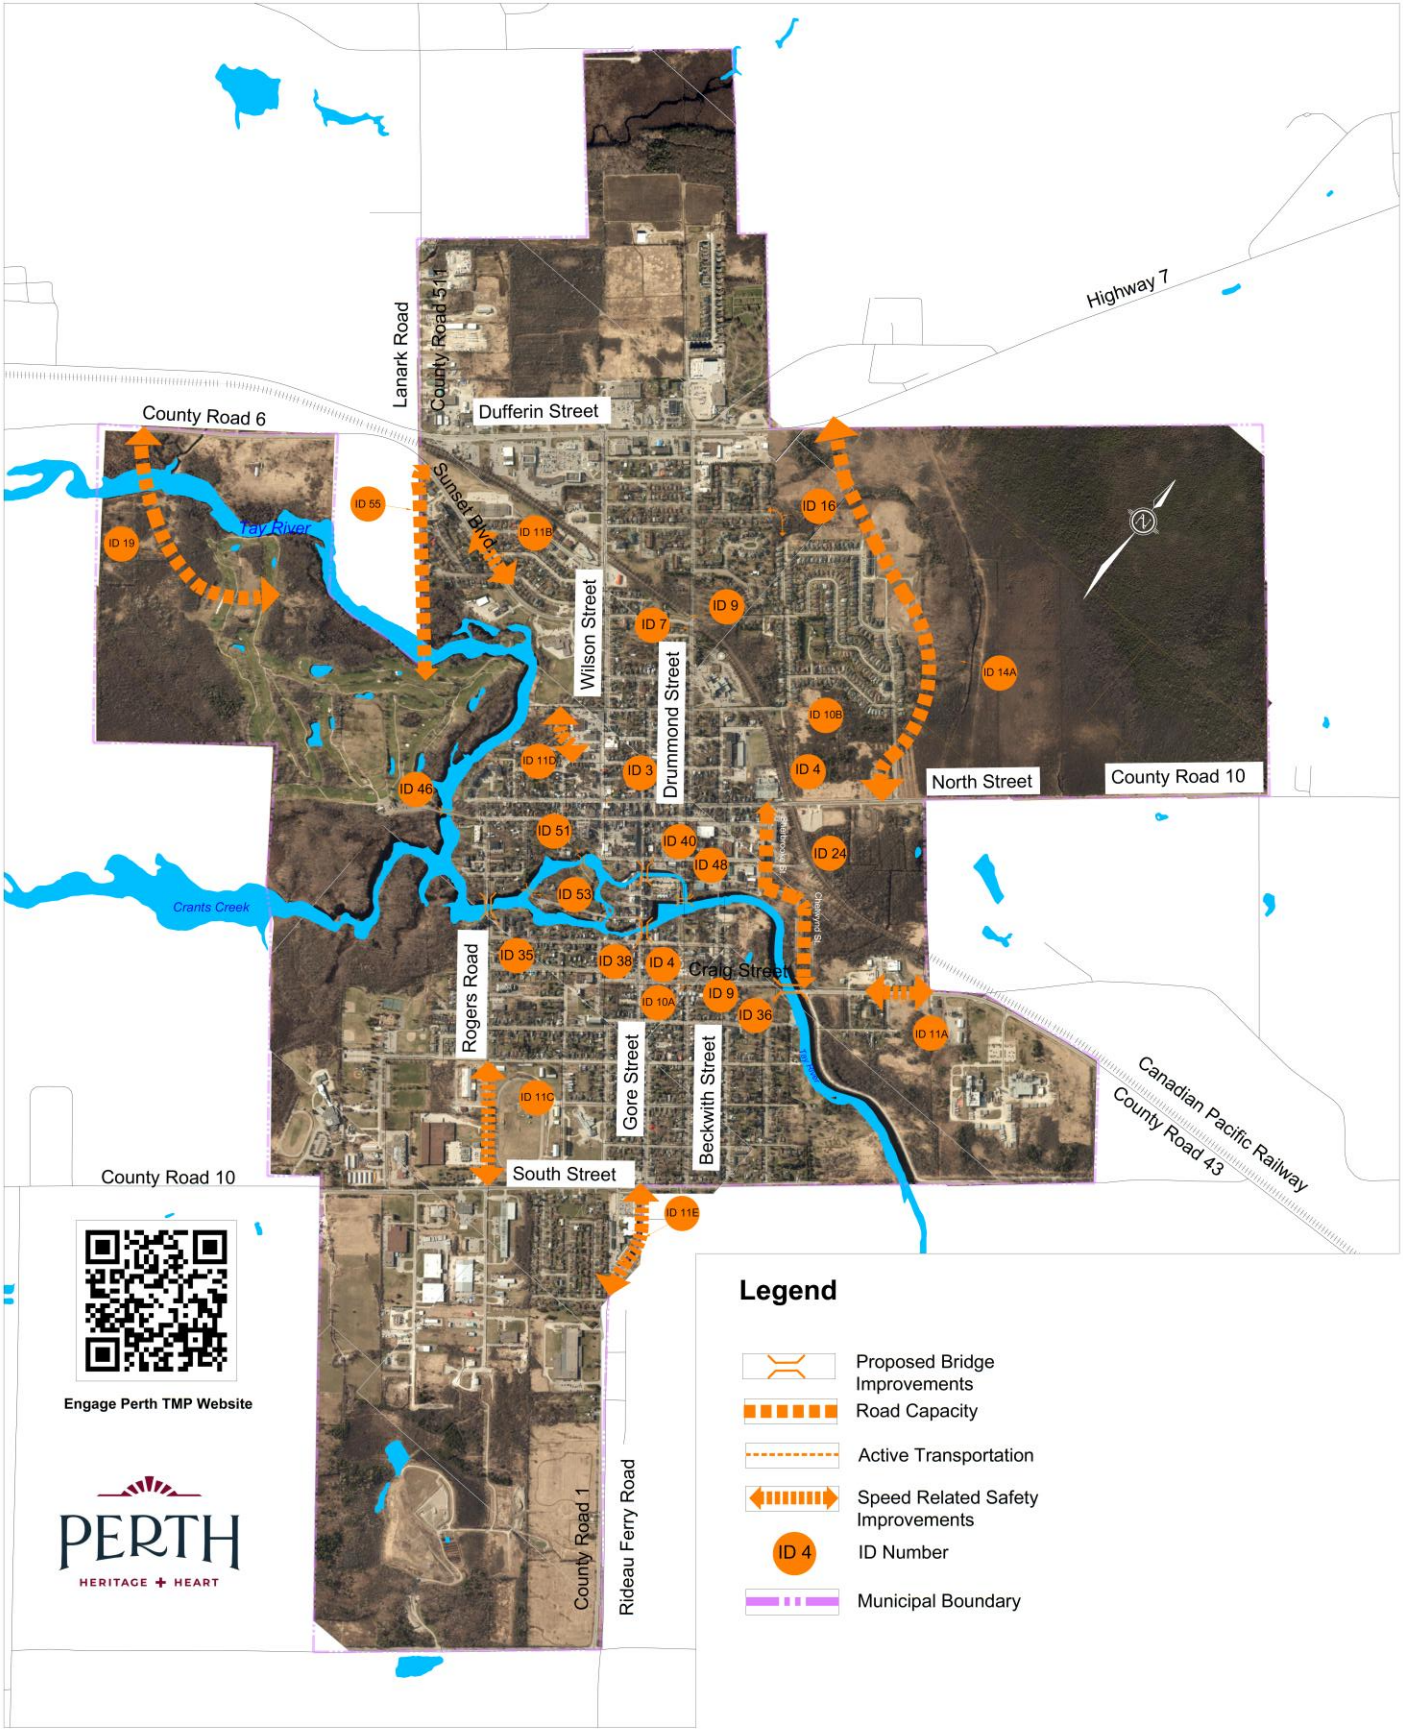

List of Projects, Programs and Policies

A long list of potential projects, programs and policies has been developed in consultation with agencies, stakeholders, interested groups and the public:

1. The 2017 TMP was reviewed to identify projects that have been completed and which projects should continue to be carried forward in this TMP Update;
2. The Town prepared an Active Transportation Plan to plan, implement, operate and maintain the active transportation system that will serve Perth for decades to come (December 2024);
3. The Traffic Calming Policy will be updated as part of this TMP Update;
4. The first PCC was held at the Festival of the Maples to solicit public feedback on potential projects, programs or policies;
5. Meetings were held with the Town and a stakeholder group to review the long list of projects, programs and policies and determine their prioritization.
6. Indigenous Peoples were engaged as part of the process.

The Long List of projects, programs and policies is available on the resource table.

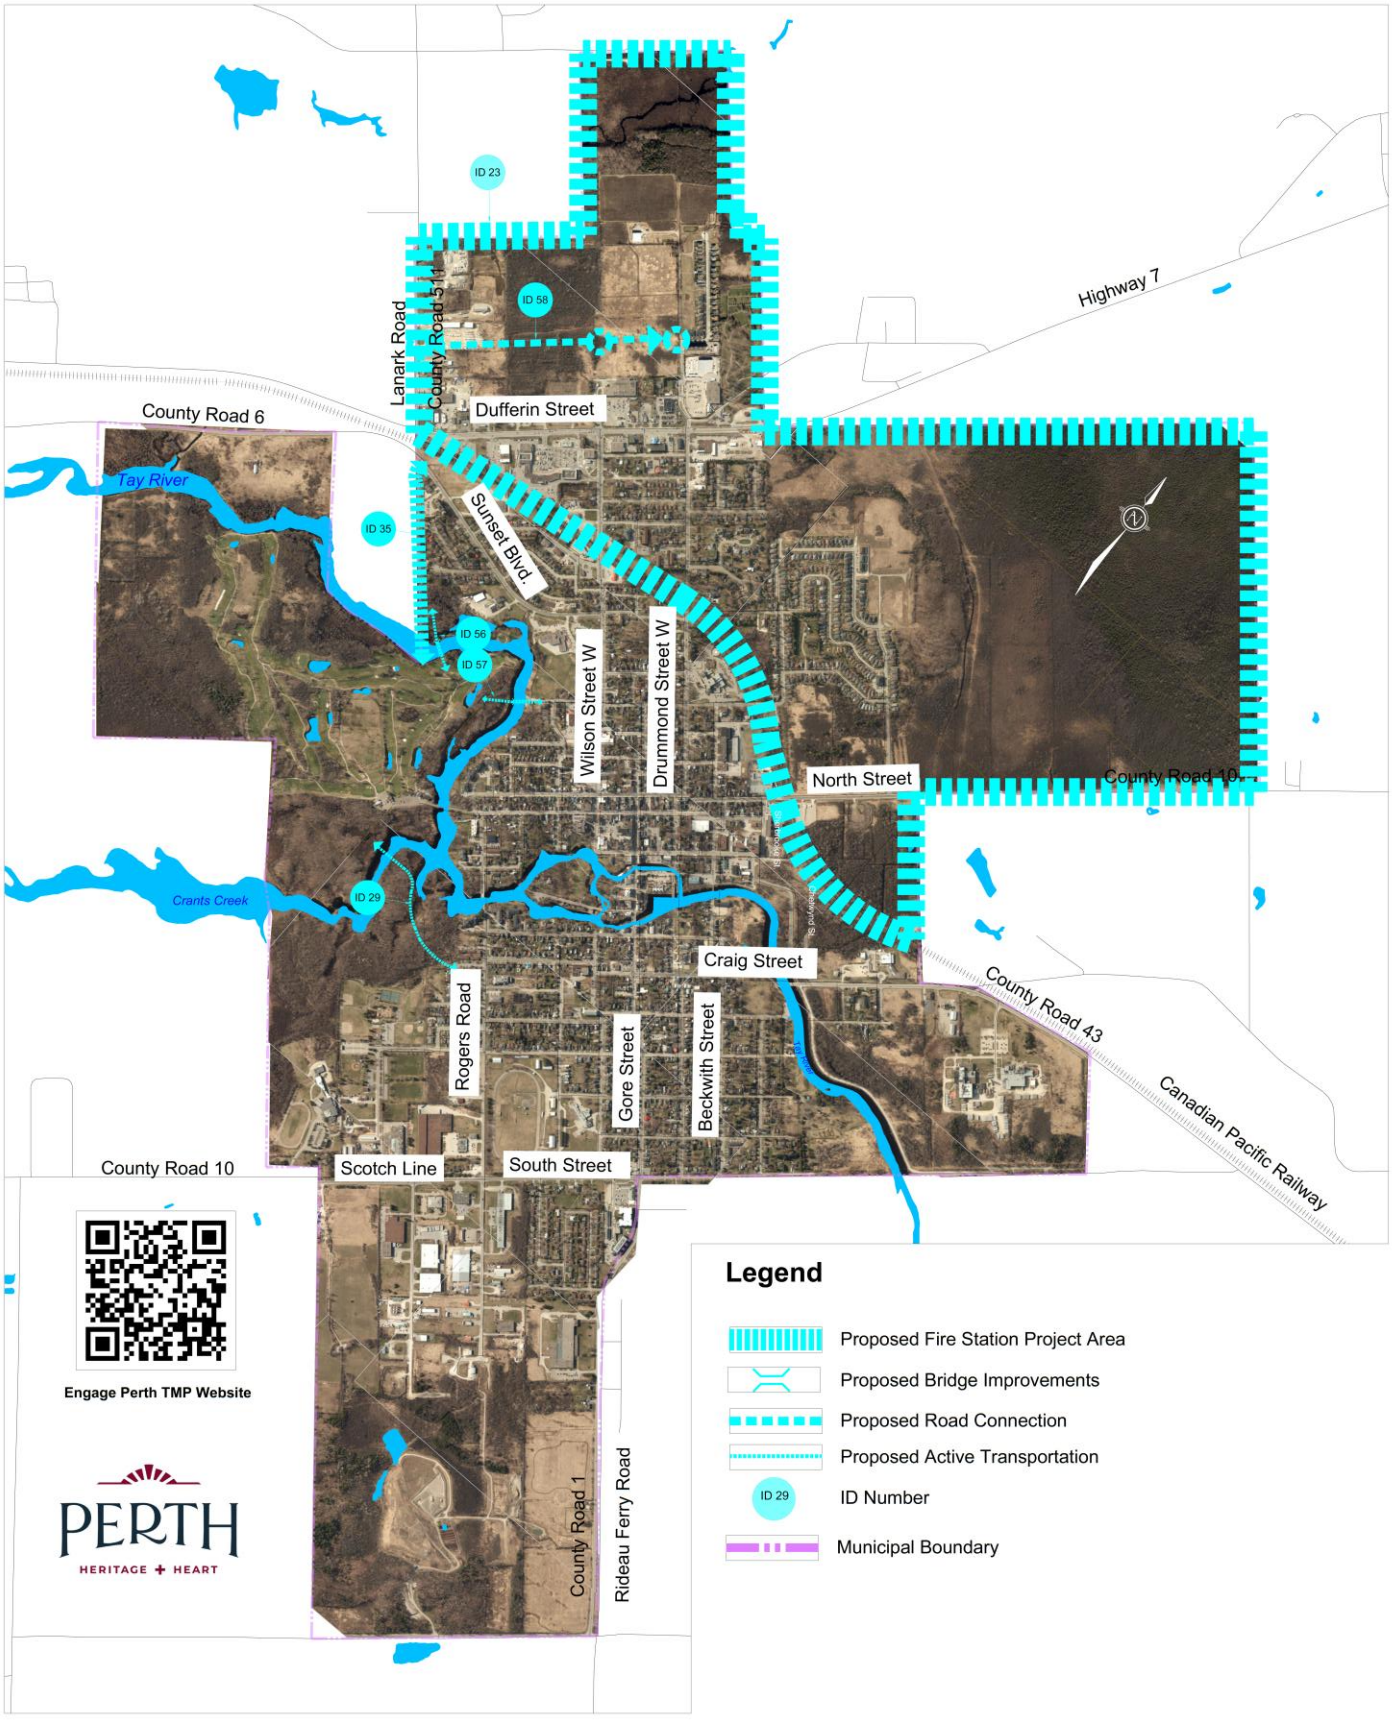

The projects recommended to be implemented by the Town are on the following exhibits.

Town of Perth Transportation Master Plan

2026 TMP Short Term (0 - 10 yrs.) Improvements

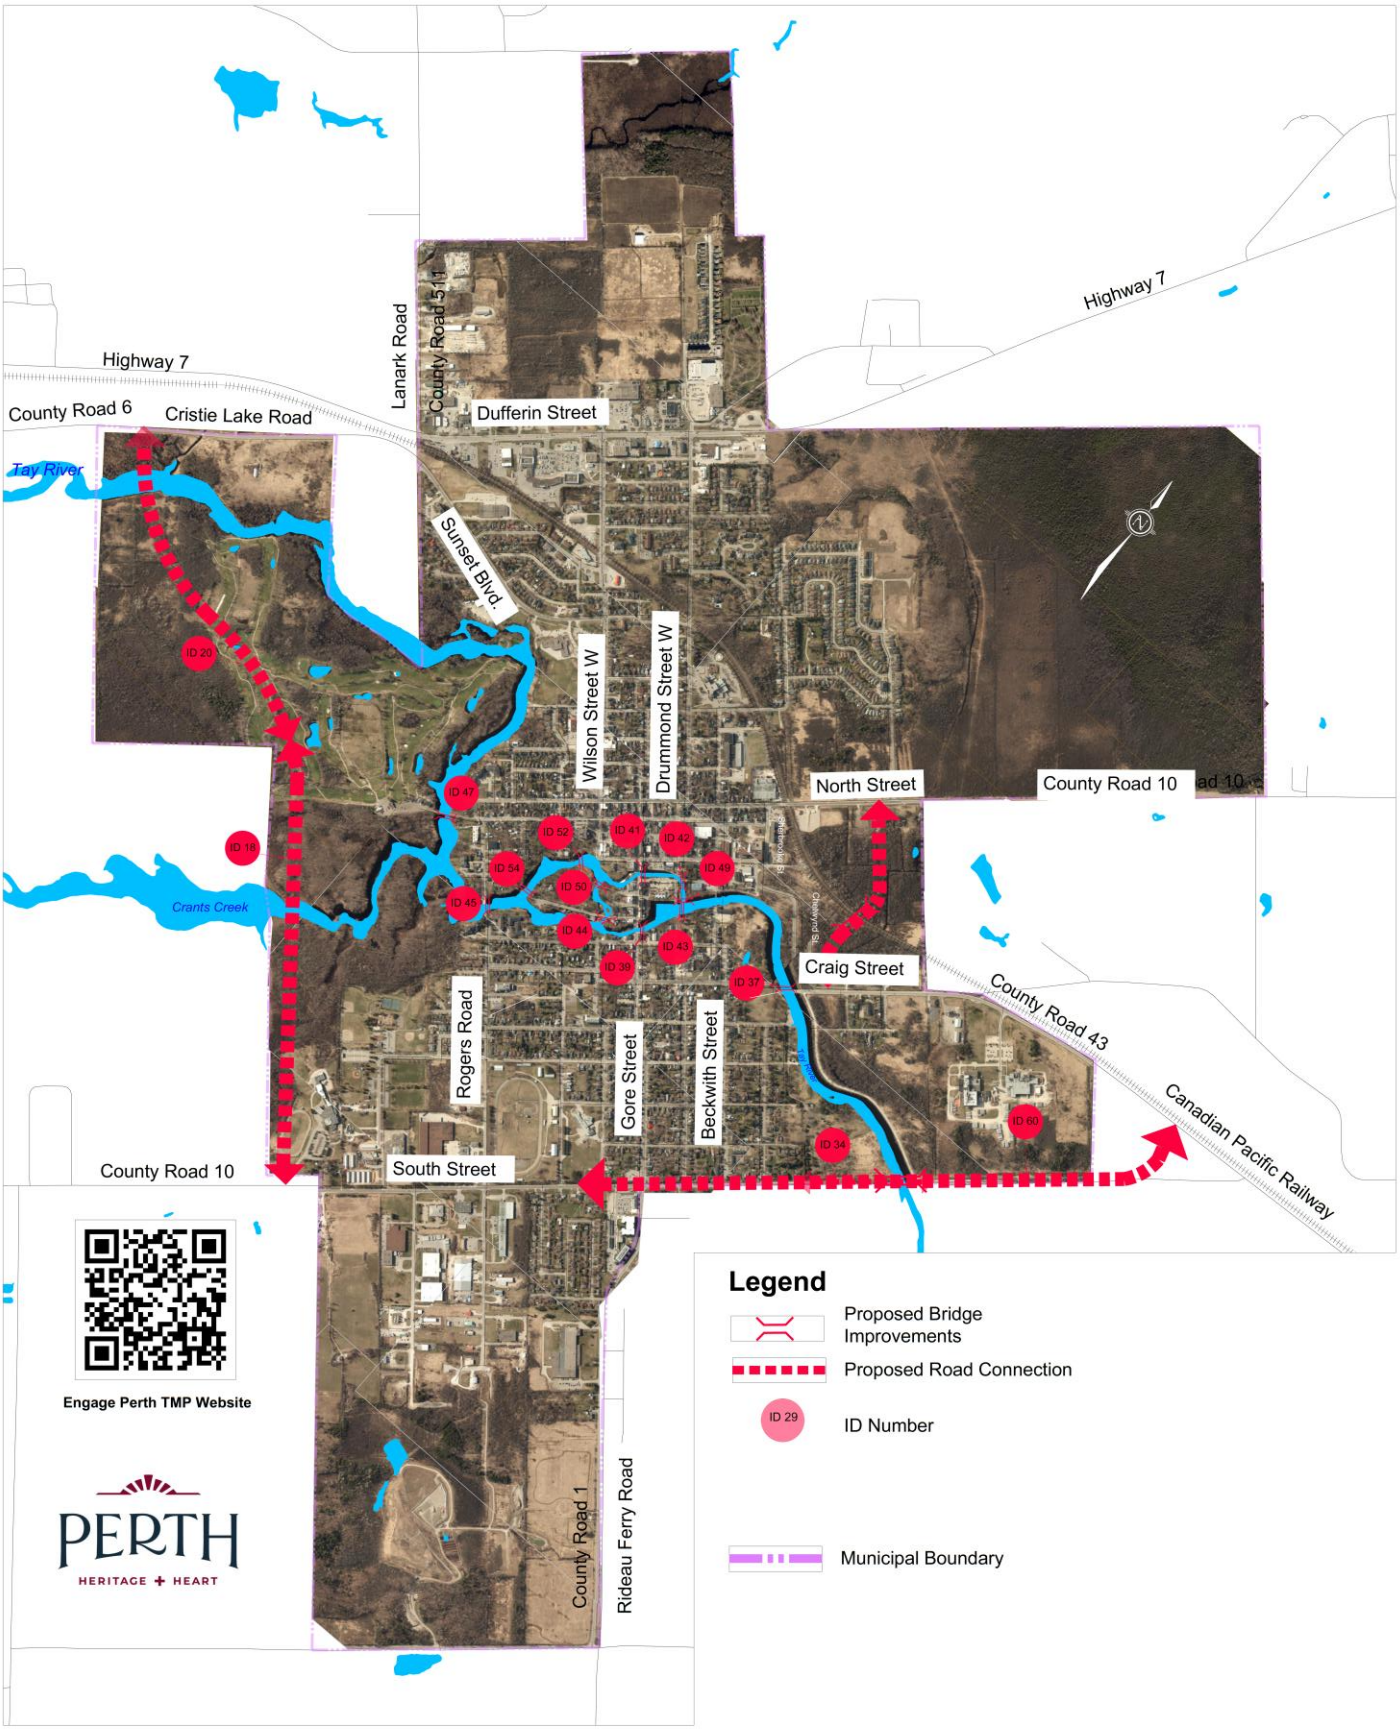

NTS

Town of Perth Transportation Master Plan

2026 TMP Medium Term (11- 20 yrs.) Improvements

NTS

Town of Perth Transportation Master Plan

2026 TMP Long Term (>20 yrs.) Improvements

NTS

Next Steps

Following this Public Consultation Centre, we will:

- Review all comments and prepare a PCC No. 2 Summary Report.
- Finalize the recommendations for projects, programs and policies.
- Prepare a TMP Update Report to be posted to the Town's website.

How can you remain involved in the Study?

- Request that your name/email be added to the Study Mailing List.
- Provide a comment by **October 2, 2026.**
- Contact the Town or Consultant at any time.

Thank you for your participation in this Public Consultation Centre.

Your input into this project is valuable and appreciated.

Any comments received will be collected under the *Environmental Assessment Act* and the Freedom of Information and Protection of Privacy Act. Personal Information you submit will become part of the public record that is available to the general public unless you request that your personal information remain confidential.
